

COFFEY FAMILY

Church Planters to South Africa

I met yesterday with a man from our church whom I have been discipling in regular Bible studies for over two years. I spoke with him about filling in while I am in the States for a few weeks. He, along with three other men, will take over my preaching and teaching slots while I am away from March 23 to May 11.

Seeing the growth in these men over the past couple of years has been one of the most encouraging parts of our ministry. Replacing ourselves with South African leadership is key to a healthy transition. I do not plan to be gone long, but I am thankful God is raising up others to do the work of the ministry. Please pray as we seek to see many more trained through Lighthouse Baptist Church.

Pray for Mpumelelo, Mnoneleli, Khaya, and Mhlanguli as they step in while I am away.

The Bible Institutes we supplied with materials are doing well in Kenya and Uganda. Most of the year's materials have already been printed and delivered. I hope to travel to Kenya in the coming months to visit some of the 200 plus churches and eight Bible

Institutes.

In July, my son Luke and his family will move to Colombia, South America for a six month internship to finish his bachelor's degree in missions training through Vision School of Missions. It is exciting to see this stage of his training. He is raising support for this internship. If you would like to invest in this part of his training, I would be very grateful. Support can be sent through our mission board, Vision Baptist Missions, marked for Luke Coffey.

Prayer Requests & Praise

- We will be traveling to the U.S. for seven weeks, from March 23 to May 11, to attend the annual orientation for new missionaries with Vision Baptist Missions. If you would like me to report back or present our ministry during that time, please let me know. While in the U.S., I will also be seeking to raise additional ministry support, especially for Camp Rhino.
- Please pray for the six students currently in our Xhosa language school here in South Africa. Pray that they learn the language well so they can minister more effectively to the Xhosa people: Tim, Jessica, Jordan, Katie, Ashley, and Madison.

Quick Updates & Needs

- The first Camp Rhino staff apartment is almost finished, and we hope to begin construction on the next two soon. We still need \$12,000 to complete this project. Please pray that we can raise this amount soon so it will improve living space for our staff and open more space for campers.
- Several students from our church began a new year of Bible college this week. Across all our churches, there are many new and returning students. Please pray they have a strong and fruitful year. Also pray for the Pastors and other teachers.

-A Week at Camp, A Chance at Life-
