## Church Planters to South Africa

I'm not sure writing this email on the last day of March qualifies it as my March prayer letter, but here we go. We left South Africa last Monday for the US for a short furlough and to take part in VBM's Orientation for new missionaries.

I still have a few meeting slots available, mainly Wednesday evenings and one Sunday evening in the North Georgia area, if you would like me to come by.

We hit the ground running after arriving at my son's house late Tuesday night. On Wednesday, I was able to preach the final night of a supporting church's missions conference. On Friday, I taught three hours at the Vision School of Missions and preached for their College Day that evening.

On Saturday, Amy and I drove to St. Cloud, FL to be with Eastern Avenue Baptist Church. They had a mission team, led by Pastor Callen, leave South Africa the same day we did. We had a wonderful time with them in South Africa. They were a huge help building desks for Camp Rhino and preparing staff apartments. Pastor Callen also preached for us several times and taught six hours at the Bible college.

**-A Week at Camp, A Chance at Life-**

If you are interested in participating in one of our mission trips, please let me know. We would love to have you.

My son Luke and his family will move to Colombia this summer for a six month missions internship as he completes his degree through Vision School of Missions. It is a blessing to see this next step in his training.

He is raising support for this internship. If you would consider investing, I would be very grateful. Support can be sent through Vision Baptist Missions, marked for Luke Coffey.

### Prayer Requests & Praise

- Pray as we seek to raise sponsors for our youth home during our time in the States.
- Pray for our son and daughter in law, Chase and Ashley, as they are expecting our next grandson. The due date is next week, and we are thrilled to be here for it.
- Pray for our oldest son, Tyler, and his wife, Lydia, as they are in the process of fostering to adopt our second grandson.

### Quick Updates & Needs

- Our men at Lighthouse Baptist Church in South Africa are doing a great job filling in while I'm in the States. Pray for them during my absence, and that more people will be saved and strengthened while we are away.
- We begin our annual VBM Orientation at The Wilds next week, with 20 families participating. Pray that this will be a helpful and impactful week for all involved.
- We need close to \$10,000 to complete the staff apartment project at Camp Rhino. This will allow us to move staff out of the camp cabins and open up more space for campers.
